

Day of Resiliency Symposium

Friday June 16th, 2017, 9 AM – 4 PM

Rowan University, Glassboro, New Jersey

Presented by: Rowan University Department of Civil and Environmental Engineering

Researchers and land use planners are actively improving resiliency of the environment, infrastructure, and transportation within New Jersey coastal communities. Join us for a day of presentations addressing key issues, current projects, and best practices using flood mitigation strategies.

- Breakfast and lunch will be provided!
- Includes certificates for 5 credit hours of PDHs

Symposium Agenda:

Keynote Presentations from

- Charles A. Richman, Commissioner of DCA
- Dave Rosenblatt, Assistant Commissioner of DEP

Technical Sessions

Tour of Rowan University Virtual Reality Lab

Event is **FREE** but space is limited, please sign up and register to attend, present, or become a vendor by June 12th, 2017:
